Education

Tokyo Institute of Technology

Doctor of Science in Mathematics

Supervisor: Kazuma Shimomoto

Tokyo, Japan

Apr 2024–Current

Tokyo Institute of Technology

Master of Science in Mathematics

Supervisor: Kazuma Shimomoto (2nd year), Fumiharu Kato (1st year)

Tokyo, Japan

Apr 2022–Mar 2024

Tokyo Institute of Technology

Bachelor of Science in Mathematics

Supervisor: Fumiharu Kato

Tokyo, Japan

Apr 2018–Mar 2022

Professional Position

JSPS Research Fellow (DC1)

Tokyo Institute of Technology

Host Researcher: Kazuma Shimomoto

Apr 2024–Mar 2027

Research Interests

Commutative algebra in mixed characteristic (via arithmetic methods such as perfectoid rings, prismatic cohomology, and almost mathematics).

Papers and Preprints

- [4] **R.Ishizuka** and K.Nakazato. *Prismatic Kunz's theorem*. arXiv: 2402.06207.
- [3] D.Dine and **R.Ishizuka**. *Tilting and untilting for ideals in perfectoid rings*. Math. Z. **307**, 66 (2024). arXiv: 2308.0960.
- [2] **R.Ishizuka**. *A calculation of the perfectoidization of semiperfectoid rings*. Nagoya Math. J. (2024). arXiv: 2305.07916.
- [1] **R.Ishizuka** and K.Shimomoto. *A mixed characteristic analogue of the perfection of rings and its almost Cohen-Macaulay property*. arXiv: 2303.13872.

Talks

- Sep 2024. “Frobenius maps on mixed characteristic rings via prismatic cohomology” (Poster Session), L-functions and Motives in Niseko 2024, Setsu Niseko and Niseko Residents Center, Japan
- Sep 2024. “A generalization of Kunz's theorem to mixed characteristic via p -adic cohomology theory”, MSJ Autumn Meeting 2024, MSJ Autumn Meeting 2024, Osaka University, Japan
- July 2024. “Perfectoid spaces, tilts and untilts” (Survey talk), Atelier de Géométrie Arithmétique 2024, RIMS (Kyoto University), Japan
- July 2024. “Prismatic approach to a mixed characteristic Kunz's theorem”, The 23rd Hiroshima-Sendai Workshop on Number Theory at Sendai, Tohoku University, Japan
- June 2024. “Regularity criterion of mixed characteristic rings via prismatic cohomology”, Keio Algebra Seminar, Keio University, Japan
- June 2024. “Prisms and regular local rings”, The 35th Seminar on Commutative Algebra in Japan, Tokushima University, Japan
- Apr 2024. “Prisms and its application to regular rings”, Saturday Seminar, Meiji University, Japan

- Mar 2024. *"Perfectoid ideals and its correspondence"*, The 20th Mathematics Conference for Young Researchers, Hokkaido University, Japan
- Feb 2024. *"Mixed characteristic Kunz's theorem with prismatic theory"*, The 28th Conference on Algebra for Young Researchers in Japan, Waseda University, Japan
- Dec 2023. *"Commutative ring theoretic approach for the perfectoidization of semiperfectoid rings"*, Number Theory Seminar, Kyoto University, Japan
- Nov 2023. *"Ideal correspondence between a perfectoid ring and its tilt"*, The 44th Japan Symposium on Commutative Algebra, Lecture Hayama, Japan
- Aug 2023. *"Absolute integral closure"* (Survey talk), The 18th Summer School on Commutative algebra, Tokyo Institute of Technology, Japan
- Aug 2023. *"On the relation between perfectoidization and p -root closure"*, The 9th China-Japan-Korea International Conference on Ring and Module Theory, Incheon National University, Republic of Korea
- July 2023. *"On the commutative ring-theoretic structure of the perfectoidization of semiperfectoid rings"*, The 22nd Hiroshima-Sendai Workshop on Number Theory at Hiroshima, Hiroshima University, Japan
- July 2023. *"On the application of perfectoidization to commutative algebra and its structure"*, The 34th Seminar on Commutative Algebra in Japan, Kitami Institute of Technology, Japan
- May 2023. *"On Perfectoid(ization) and its commutative ring-theoretic properties"*, Ookayama Youth Seminar in Algebra, Tokyo Institute of Technology, Japan
- Mar 2023. *"A mixed characteristic analogue of the perfection of rings"*, The 11th Japan-Vietnam Joint Seminar on Commutative Algebra - by and for young mathematicians -, Vietnam Academy of Science and Technology, Vietnam
- Mar 2023. *"An explicit construction of perfectoid almost Cohen-Macaulay algebras in mixed characteristic"*, MSJ Spring Meeting 2023, Chuo University, Japan
- Mar 2023. *"An explicit construction of perfectoid almost Cohen-Macaulay algebras"*, The 19th Mathematics Conference for Young Researchers, Hokkaido University, Japan
- Oct 2022. *"An explicit construction of perfectoid almost Cohen-Macaulay algebras in mixed characteristic"*, The 43rd Japan Symposium on Commutative Algebra, Osaka University, Japan

Membership

- Apr 2023– . Mathematical Society in Japan (MSJ)

Languages

Japanese: Native

Mother tongue

English: Intermediate

Can read, write, and, listen but may struggle with conversation

French: Beginner

Can only read mathematical texts
